Eye Care in South Africa

KEY DATA FINDINGS

2024 DEVELOPMENTS

- Prolonged exposure to blue light stimulates growth for standard eye care
- Demand for allergy eye care continues to rise in South Africa
- Local consumers of eye care remain brand loyal

PROSPECTS AND OPPORTUNITIES

- Players should consider collaborations with optical goods stores to drive sales
- Importance of ensuring wider visibility in pharmacies and advertising channels
- Private label offers attractive option for price-sensitive consumers

Weight Management and Wellbeing in South Africa

KEY DATA FINDINGS

2024 DEVELOPMENTS

- Demand for weight management and wellbeing mainly driven by more affluent consumers
- South Africans increasingly prioritise active lifestyles, reducing reliance on weight management
- Rising interest in alternative weight loss methods for lower-income consumers

PROSPECTS AND OPPORTUNITIES

- Despite price pressures, weight management and wellbeing still offers further growth potential in South Africa
- High-income consumers make use of alternative weight management methods
- Direct selling and pharmacies to remain as leading distribution channels

CATEGORY DATA
