Wound Care in Ukraine

October 2024

Table of Contents

KEY DATA FINDINGS

2024 DEVELOPMENTS

Wound care sales seeing slow recovery as Russia's war continues to impede the category's growth potential

Mixed performances seen in wound care

Competition varies across the different categories

PROSPECTS AND OPPORTUNITIES

Wound care set for growth but a full recovery is unlikely until the end of Russia's war in Ukraine

Demographic factors likely to have a mixed impact on demand

Competition likely to remain fragmented due to a lack of brand loyalty

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/wound-care-in-ukraine/report.
