Paediatric Consumer Health in Dominican Republic

September 2025

KEY DATA FINDINGS

2025 DEVELOPMENTS

Changes in environmental climate conditions impact pediatric conditions in the Dominican Republic

In a highly competitive category, local brands are gaining ground with improved formulations

Parents prioritise the recommendations of healthcare professionals when choosing pediatric medications, thus strengthening their purchasing habits at pharmacies

PROSPECTS AND OPPORTUNITIES

Parents with greater preventive health behaviours and a favorable economic environment favour the growth of children's consumer health

Personalisation and packaging innovation aim to achieve a better connection with children

Legislative reforms aim to improve nutrition for children
