DAIRY IN KUWAIT

Key Data Findings

2025 Developments

Dairy posts solid growth while the government controls the prices of dairy essentials

Dairy continues to be characterised by both concentration and price-influenced competition

Hypermarkets extends its position in the distribution of dairy

Prospects and Opportunities

Robust growth prospects of dairy amid new product developments and demand for convenience

Higher company activity anticipated around health and wellness developments

Potential lifting of food subsidies leads to higher prices and the dampening of volume sales
