Netherlands: Consumer Profile

September 2026

Table of Contents

INTRODUCTION

Scope

Key findings

Key drivers affecting consumers in the Netherlands in 2025

How developments today shape the consumer of tomorrow

POPULATION AND SOCIETY

Today 2025: Prominence of Baby Boomers reflects an ageing population

Migration drives the population towards 19 million

High cholesterol despite an active population

Tomorrow 2040: Median age rises, leading to increased old-age dependency ratio

Immigration fuels growth as rapid ageing reshapes Dutch consumer demand

A highly urban, Randstad-centred market

Opportunities for growth

Case study: Royal FrieslandCampina aims to serve an ageing and diverse population

HOUSEHOLDS AND HOMES

Today 2025: Share of single person households is above regional and global averages

Solo living reshapes Dutch households, driving demand for convenience

A housing shortage grips a highly mortgaged market

Tomorrow 2040: Single person households to see by far the fastest growth

Household numbers rise as solo living grows

Digital banking and connectivity are near-universal

Opportunities for growth

Case study: Brabantia's space-efficient household products suit smaller homes

INCOME AND EXPENDITURE

Today 2025: Disposable income gender gap remains large

Inflation and uneven cost pressures encourage Dutch consumer caution

Optimistic older consumers prioritise groceries, health and enjoying retirement

Tomorrow 2040: Wealth concentrating, while the urban/rural gap narrows

Wealth concentrates as the affluent tier doubles in size

Consumer spending grows to USD695 billion by 2040

Opportunities for growth

Case study: PostNL's flexible part-time contracts accommodate varied working patterns

LIFESTYLES

Key findings of the consumer survey

Gen Z and Millennials most willing to pay more for high-quality household essentials

Private label and discounting define shopping

Measured sustainability and value

Dutch consumers show financial resilience, strong saving habits and cautious optimism

Low unemployment, flexible working and AI-driven reskilling are reshaping employment

Opportunities for growth

LIFESTYLES

Case study: Albert Heijn expands its private label portfolio

CONCLUSION

Key takeaways

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.
