- Chart 35 Consumer Health: Market Size of Top 10 Sustainability Attributes in United Arab Emirates 2020-2024

SEIZING THE OPPORTUNITY - BY KEY ATTRIBUTE GROUP

- Chart 36 No Artificial Ingredients Claims: Market Size of Sustainable Products Across Selected Countries 2020-2024
- Chart 37 Diets Claims: Market Size of Sustainable Products Across Selected Countries 2020-2024
- Chart 38 Sustainable Sourcing Claims: Market Size of Sustainable Products Across Selected Countries 2020-2024

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- Strategy Briefings: Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- Company Profiles: Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- Country Reports: For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer
 trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with
 country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/sustainability-in-the-united-arabenirates/report.
