TOP FIVE INDUSTRIAL TRENDS

Our expert's view of industrial sector in 2025

Key findings

INTRODUCTION

Global manufacturing sector faces more uncertainty in 2025

Top five trends in industrial sector

Top five trends uncovered

SUPPLY CHAIN DISRUPTIONS 2.0

Rising economic uncertainty adds new pressures on the manufacturing sector

Case study: Alcoa plans to review aluminium supply to avoid disruptions

Production efficiency tools can help to better navigate supply chain challenges

PRODUCTION RESHORING

Production reshoring efforts present new growth opportunities for countries

Case study: Tata Electronics helps to strengthen Apple's supply chain in India

Production reshoring to create new sales opportunities in emerging Asian markets

NEW WAVE OF AUTOMATION

Persistent cost pressures drive the need to improve production efficiency

Case study: Fernco improves factory productivity thanks to new tools

The need to improve efficiency will create stronger demand for production tools

WORKFORCE UPSKILLING

Ageing population and growing skills gap will require more flexibility from companies

Case study: Toyota aims to retain older workers for longer

Upskilling and retaining workers for longer will be critical in solving labour market issues

EXTRACTING VALUE FROM AI

AI tools expected to trickle down to manufacturing sector in 2025

Case study: Ducab uses AI platform to streamline supplier selection process

AI tools promise to improve production and sales processes

CONCLUSION

Future implications

Opportunities for growth

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/top-five-industrial-trends/report.
