Brighter future for CBD despite recent global sales contractions

New US states and move from Schedule I to III can boost future adult-use value growth

Hemp-derived intoxicating products at a crossroads

Flowers to face fierce competition with ever-growing less traditional formats

"Social regulation" as a key factor setting the future trajectory of cannabis globally

CONCLUSION

Future opportunities ahead amidst a hazy period

Opportunities for growth

Our expert's view of cannabis to 2030

About Euromonitor International

Euromonitor International is an independent market intelligence provider. Data, insight and analysis stem from in-the-field research spanning 210 national markets.

Content ranges from the in-depth and country-specific, to key strategic themes with a global range and significance. Products cover a comprehensive range of insights and market data, but can be broadly categorised as:

- **Strategy Briefings:** Global or regional in scope, and focussing on the most important themes shaping consumer demand, the key markets, competitive environment and future outlook across a range of industries.
- **Company Profiles:** Analysis dedicated to the world's most significant companies, with detailed insight into their activities, focus of operations, their competitors, their geographic presence and performance.
- **Country Reports:** For an in-depth understanding of specific countries, whether by industry, economic metrics or consumer trends and lifestyles. These reports cover current trends, consumer demand, market potential and future prospects, with country-specific local insight and comprehensive data, unavailable elsewhere.

For more information on this report, further enquiries can be directed via this link www.euromonitor.com/the-world-market-for-cannabis/report.
