

Measure your online sales versus your competitors by category and by retailer.

Strike the right partnerships

Discover which channels are growing fastest or expected to grow and manage your distribution channels accordingly. Gain insights to help you negotiate with distributors and retailers.

Benchmark your performance

Measure your brand's online sales against your competitors, gain insights into your competitors' growth factors and identify new and emerging brands, not just the top players.

Uncover winning opportunities

Spot the fastest growing categories and retailers, identify high-growth e-commerce platforms and monitor trends that are most likely to impact your profitability.

Granular e-commerce sales data to help you win online

Quarterly online sales data

Get timely updates on how your brands are performing online.

3 Standardised

Track e-commerce sales aligned to a global taxonomy, meaning no more fragmented and unstructured data.

Deep coverage

Examine brand performance from 300+ key retailers, across 15 countries and 500+ FMCG categories.

4 Robust

Measure E-commerce sales from 12 million+ online shoppers. Understand brand sales by category and retailer, based on reported retailer sales, e-receipts and clickstream data.

Transforming e-commerce sources into sales data

Our global methodology

Deep coverage

Global retailer coverage across 15 markets:

Australia Brazil

Canada China

Germany

Spain France India

Italy

Japan Korea

Mexico Poland

United Kingdom United States

14 industries covering 500+ categories and sub-categories

Alcoholic Drinks

Beauty and Personal Care

Consumer Health

Cooking Ingredients and Meals Dairy Products and Alternatives

Fresh Food Home Care Hot Drinks Pet Care Snacks Soft Drinks Staple Foods

Tissue and Hygiene

Tobacco

Real purchase events

E-receipts and clickstream provide representative samples of SKU-level online purchases.

Map and categorise

Each product in the panel is given a standardised category, supplier and brand name. Daily price movements for each SKU is factored into sales estimates.

Validate and refine

Passport E-Commerce users regularly provide feedback and data which validate our online sales estimates and allow us to refine methodology and fine-tune models.

Estimate online sales

Categorised panel data is benchmarked to sales for each retailer. Retailer sales based on primary and secondary data, web traffic, app usage and other e-commerce metrics.

Euromonitor helped us to understand where we needed to go, how we needed to get there and what needed to be done.
