DISCLAIMER

Forecast and scenario closing date: 4 September 2023

Report closing date: 18 March 2024

Analysis and data in this report give full consideration to consumer behaviour and market performance in 2023 and beyond as of the dates above. For the very latest insight on this industry and consumer behaviour, at both global and national level, readers can access strategic analysis and updates on www.euromonitor.com and via the Passport system, where new content is being added on a systematic basis.

DEFINITIONS

The total market size given for consumer health is the sum of OTC, sports nutrition, vitamins and dietary supplements and weight management and wellbeing.

The sum of these categories is greater than actual market size because allergy care is a duplicate of categories found in cough, cold and allergy (hay fever) remedies, dermatologicals and eye care; paediatric consumer health is an aggregate of paediatric categories in OTC and

vitamins and dietary supplements; and herbal/traditional products is an aggregate of herbal/traditional categories in OTC and vitamins and dietary supplements.
2023 data are provisional and based on part-year estimates.
